Democratic Senators Put Themselves on Record Against Administering Oaths.

Judge the Citizenship of Corporations Governor's Advice for a Session Indicated.

A Vote to Secure Taken—Considered Delay in the Willoughby-Marshall Case.

Springfield, Ill., April 21.—[Special.]—The Democrats in the Senate this morning put themselves on record against advancing the appropriation bills and thus getting to adjournment much earlier than they could otherwise do. The Democrats have no use for the appropriation bills for the reason that they do not provide for the appointment of the extra clerkships that the Democrats had planned to give the successful Democrats who helped elect the Governor. As this is a matter of the most vital importance to the party, and as the Democrats have the majority in the Senate, they are able to defeat the appropriation bills, even after they have passed the House. The Democrats have taken their position, and it would have to be a very startling bit of information that would cause them to change their minds.

The most startling bit of information that could be given to the Democrats would be that the Governor would veto the appropriation bills, and it would have to be a very startling veto message to cause the Democrats to change their minds.

Senator Green moved to indefinitely postpone all of the bills to appoint a State agent to examine corporation books. Senator Green's motion prevailed. In supporting corresponding motions for several days during the session the Democrats have declared that they do not believe that there should be a State agent to examine the books of corporations. The agent is to have a salary of $3,000 a year, and it is estimated that he could collect $1,000,000 a year for the State if he were allowed to do so. The

The President is reported as saying that he does not propose to remove Mr. Henry, the Register of the Treasury, or James Gill, the collector of Internal Revenue in Mississippi.

Ezra Cornell has sent a letter to the Brighton Chamber of Commerce asking for an opinion whether the title of Brooklyn to Sheepshead Bay is good. The matter was referred to a committee.

It is said that young Dr. Richard Henderson of Tyler County, who has been appointed Consul-General at Honduras, never went to the city, because he was "disgusted at the low rate of politics." He, however, takes it somewhat into the dignity of a sovereign to accept such office.

It is rumored that Ayoub Khan, formerly Governor of Afghanistan, who was arrested at Teheran, has asked to remain in custody of the Shah, and that he will be kept at the court of the Persian Government. One of the chief to which, it is said, he will be put, if it becomes necessary, will be to produce peace among the Afghan troops.

The Lower House of the Illinois Legislature yesterday received an invitation from the Illinois United Soldiers to visit Shot Tower [illegible] without money and without price. After a rather protest before the motion was disposed of by a motion of Mr. Henry, who [illegible] a resolution declaring the invitation was with thanks, because of the great importance of the business of the session. The State Superintendent Rural itself and to the Schools Journal and learned it [illegible] public a denial of the report that Superintendent Gen. Grant to Colorado, was a Union partisan during the recent campaign. Dr. Corson, a high official says: "The organized destruction of the Republic politics is not known to the Constitution or Secretary of State, and they do not regard it. Gen. Logan is exceedingly anxious to get to Mr. Cleveland, and I do not believe that he would do either without being requested to do so."

Gen. Logan, the Virginia commissioner [illegible] was appointed Minister to Chili, has declined," the position tendered him. The latter not to embarrass the Administration." The reason why Kelly was likely to embarrass the Administration is, that he is an old Democrat and not an active part in a National meeting when Tilden Democrat was nominated on a democratic [illegible] party, taking possession of the executive Chamber, and ordering the Free of the United States. It is very likely that Mr. Bismarck's new scheme will not succeed [illegible] with Gen. Grant, and Mr. Cleveland has done well in promoting Mr. Kelley to the first mission.
